Sarum Deposit Seismic Exploration Program – comments by 13 September 2007**

Sarum Deposit Seismic Exploration Program – Invitation for public comment on referral.

The action involves the clearing of lines in a grid pattern to enable the use of seismic transmitters and receivers to locate coal seams below. The work will be carried out at the Sarum deposit approximately 20km south of the township of Collinsville. Work will be carried out on either side on the Bowen River over an area of approximately 1448ha.

The Potential controlling provisions include sections 18 & 18A (threatened species or threatened ecological communities). Comments due Thursday **13 September 2007**. Reference number: 2007/3673. For further information go to:

http://www.environment.gov.au/cgi-bin/epbc/epbc_ap.pl?name=referral_detail&proposal_id=3673

Please send your comments on whether the proposed actions should be controlled actions under the EPBC Act quoting the Reference number and title of the referral to:
