

Transparency Policy

Introduction

Environmental Defenders Office (EDO) is committed to being transparent in its work and accountable to its clients, members, donors, volunteers and other stakeholders. We recognise that transparency and accountability build trust and help relationships to flourish.

Where requested and appropriate, we resolve to disclose relevant and accurate information to our stakeholders and the community in an accessible format and timely manner.

Purpose

This policy fulfils our requirement to adopt and maintain a Transparency Policy under the Australian Council for International Development's (ACFID) Code of Conduct and Quality Assurance Framework. This policy shows our commitment to the principles outlined in Commitment 7.3; Indicator 7.3.1 of the ACFID Code; and their General Definitions.

This policy therefore aims to facilitate the development and measures by EDO's staff, volunteers and Board Members to provide appropriate transparency and accountability. It also describes the ways in which EDO's information is to be made publicly available.
